NARRATIVE:

Valerie Franz has an extensive adult criminal history that began at the age of 19. Her convictions include felon in possession of a firearm, grand theft of property, burglary, receiving stolen property, petty theft, possession of controlled substances, several cases of false identification to a peace officer and failing to report. She has served multiple state prison terms, the longest being a 24 month term for felon in possession of a firearm. Franz was released from state prison to the supervision of the Los Angeles County Probation Department on September 5, 2014. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. She subsequently failed to report to her probation officer and an arrest warrant was issued in January 2015 after she absconded from post release community supervision (PRCS). Franz qualified to be released to the supervision of probation, under AB 109, because her current commitment offense for felon in possession of a firearm is defined as non-serious and non-violent under the California penal code. Her criminal history and current failure to comply with the terms of release make her a most wanted. If you know her whereabouts please contact...
